

NES HEALTH™ FEEL GOOD INFOCEUTICALS®

NES Health™ Infoceticals® are liquid energetic remedies designed to promote optimal health and well-being by stimulating energy production, correcting cellular communications, and activating your body's innate healing powers. The so-called **Feel Good Infoceticals®** may be thought of as general lifestyle and home-remedy solutions that can be taken as needed. They are available from NES Health™ practitioners and from the Shop in your NES Health™ Portal account.

You may choose from the **Feel Good Infocetical®** formulations listed below:

- **CFI (Cold, Flu, Immunity):** supports the body's natural ability to recover from cold and flu symptoms by supporting the healing process of related tissues. May provide relief from fatigue, promote drainage, and re-tune cellular function. Supports Lung and Large Intestine meridians.
- **Chill:** encourages a calm mental state and the release of emotional and sensory data. May be helpful when suffering from constant, long-term stress, especially from worry. May assist those who struggle to fall asleep due to tape loops of thoughts that they cannot shut off.
- **Day:** supports the body's ability to make use of sunlight and be in sync with the day portion of their circadian rhythm. Take in the morning.
- **EMF:** helps correct energetic imbalances from radiation exposure. In addition to consuming this with water, it may be used topically on the hands, back of neck, or other exposed areas.
- **Energy:** enhances energy available for physical activity. May be useful when energetically depleted due to chronic illness, mental exhaustion, stress, toxic exposure, malnutrition, or poor breathing. Use before and during physical activity.
- **ESR (Emotional Stress Release):** supports the release of emotional stress, soothes the digestive tract, and may assist in the absorption of nutrients. In addition to taking with water, may be applied topically to areas of physical trauma. Can take up to 30 drops up to 3 times a day, as needed.
- **Fat Metabolism:** helps to correct and normalize liver function, hormonal activity, and metabolism of fat. Supports the nervous system and may encourage appetite regulation.
- **Female:** supports female endocrine function to enhance social abilities, attractiveness, sexual function, and charisma. Helps promote confidence, willpower, social warmth, and overall well-being.
- **Heart Driver:** helps with decision-making processes, mental clarity, integration, identity, and self-esteem. Helps regulate emotions. May have a beneficial effect on skin tone and appearance.
- **Heart Imprinter Driver:** energetically enhances the heart's ability to imprint nervous system information onto the bloodstream. Helps re-establish the head-heart connection, promoting mental clarity and a positive emotional outlook.
- **Love:** promotes feelings of unity and unconditional love for oneself and others. Supports personal transformation and helps to clear the Crown chakra.

- **Male:** supports male endocrine function to enhance social abilities, attractiveness, sexual function, and charisma. Helps promote confidence, willpower, social warmth, and overall well-being.
- **Nerve Driver:** supports the nervous system to help your body deal with stress. Helps to shed toxins, calm the system, and aid in your ability to get restful, restorative sleep.
- **Night:** helps to align the body-field with the night portion of the circadian rhythm and promote the body's functions that take place during the night. Take 1-2 hours before bedtime.
- **Peace:** promotes a calm mental state, mental clarity, and honesty with oneself. Enhances the head-heart connection to resolve conflicts between emotions and logical thought, as well as memories that have caused disharmony.
- **Polarity:** aids in correcting energetic distortions brought on by air travel, over-exposure to electromagnetic fields, chronic illness, and geopathic stress. May assist in physical and emotional detoxification. Particularly useful for jet lag.
- **Rejuv:** helps rejuvenate the body after sports, strenuous physical activity, physical injury, or shock. Aids in tissue regeneration, muscle recovery, muscle tone. May ease muscle strains, swelling, and trauma. May be applied topically to injured areas.
- **Sleep:** promotes balanced sleep cycles and regulation of your body's natural rhythms. May have a harmonizing effect on the body's entire energetic system. Use 3-4 times throughout the day, with the last dose before bedtime to reset your sleep cycle.
- **Youth:** addresses aging of the brain and its lowered ability to produce enzymes and hormones as age increases. May have an effect on melatonin production. Corrects the effects of radiation from the sun and other sources. Helps to ease electro-sensitivity for all ages, senility, mental confusion in older people, poor sleep due to melatonin deficiency, degeneration of tissues, and X-ray exposure.

GENERAL GUIDE FOR TAKING INFOCEUTICALS®

Infoceuticals® are made of mineralized water and have a slightly salty taste. They may be taken with or without food; their results are not affected by drinking coffee, brushing teeth, taking nutritional supplements, etc. Add drops to a glass of water, stir, and drink. It's fine to mix drops from several bottles into one glass.

One standard serving is 15 drops, but you can start with fewer and increase over time. In case of temporary discomfort from a healing response, ESR can help to smooth the reaction (up to 30 drops of ESR may be taken up to 3 times a day, if needed).

The information imprinted in the Infoceuticals® will not expire. To limit the possibility of bacterial contamination, Infoceuticals® should be consumed within two months of opening them. Refrigeration is not required but may be used to prolong their safe consumption.

Infoceuticals® are not affected by X-rays or other security scans; keep away from microwave ovens.

Do not use Infoceuticals® if you are being medically treated to suppress your immune system. If you are pregnant or nursing, please consult with your healthcare provider prior to taking Infoceuticals®.
